

LOS PADRES COUNCIL (LPC) COVID – 19 GUIDANCE
FRIDAY, 05 OF MARCH 2022

To: All LPC Volunteers and Employees

In Scouting, we promise to do our best. As we move ahead, the Risk Management committee is reviewing federal, state, and county guidelines to assure we are functioning within them and trying to do our best to get the “outing” back in Scouting. We thank you for your commitment and patience on this most important of issues.

The safety of Scouts, volunteers, employees, and our communities are our top priority.

With safety and risk management in mind and based on guidance from health officials, the LPC has adopted the following procedures for council, district, and unit activities.

Anyone who feels any symptoms of becoming ill or any type of illness, should not attend any event, meeting, or outing

CAMPING / OVERNIGHT ACTIVITIES: are currently permitted – Please see the “Gatherings” information below. Our Council does NOT require proof of vaccination for any activities within the Council at this time (A Scout is **TRUSTWORTHY**), but encourage proof of negative test results before participating in any overnight activity.

GATHERINGS & MEETINGS: are currently permitted, as advised by health authorities. In general, the more people from different households a person interacts with at a gathering, the closer the physical interaction is, and the longer the interaction lasts, the higher the risk that a person with a COVID-19 infection, symptomatic or asymptomatic, may spread it to others. Public health studies have also shown that the risk of transmission is increased in indoor spaces, particularly in the absence of appropriate ventilation. Unlike indoor spaces, wind and air in outdoor spaces can help reduce spread of the virus from one person to another. Increase fresh air circulation by opening windows or doors, as much as possible, especially in the rooms where people are gathering

Indoor and outdoor gatherings are currently permitted with the following guidelines:

1. Notifications to the Chartered Organization and the meeting site owner/manager are recommended
2. In both Santa Barbara and San Luis Obispo Counties (in accordance with State guidelines), for all Scouting Units, activities, and events (both youth and adult) *face masks are optional though strongly recommended*, with a few specific exceptions.
 - 2.1 on public transit and in transportation facilities
 - 2.2 inside healthcare facilities

- 2.3 in long term care and group care facilities
- 2.4 any location where face masks are required by the facility or organization's policies
- 2.5 *anyone who is immunocompromised or otherwise decides for their own protection should wear an appropriate face mask as they see fit.*

Please see [County](#) web sites at the end of this Guidance for details.

3. The CDC has advised that N-95 masks offer a higher level of protection than cloth masks.
4. Inform family members of all participants that participation is optional and that by participating they accept any responsibility due to COVID 19 exposure and will not hold LPC, BSA, volunteers, or Chartered Organization liable for exposure.
5. SOCIAL DISTANCING – should maintain at least 6-feet between participants in large venues or crowded locations / settings.
6. HAND WASHING – washing with soap and water for 20 seconds is ideal. Hand sanitizer is an option when soap and water is not available.
7. ILL OR EXPOSED – any individual who is ill or has been exposed to an active COVID 19 case should *follow the current CA Department of Public Health guidelines.*
8. YOUTH PROTECTION – continue to follow all YPT guidelines (no one on one contact, 2-deep Leadership) and the Guide to Safe Scouting) at all times.

ADDITIONAL GUIDANCE FOR PLANNING AND CONDUCTING GROUP OUTINGS

1. Avoid places that the public frequents, such as food service facilities and recreation sites with high use
2. Ensure that pre-event medical / health screening is conducted for all participants – see the link below for guidance.
 - a. <https://filestore.scouting.org/filestore/HealthSafety/pdf/680-057.pdf>
 - b. <https://www.scouting.org/health-and-safety/safety-moments/pre-event-medical-screening/>
3. Avoid sharing project and activity materials and equipment

FOOD SERVICE

1. Everyone must practice hand washing before and after eating

We will continue to evaluate the ongoing situation and prioritize the safety of everyone involved in Scouting. Youth, families, volunteers, employees, and our communities – are our number one priority.

We realize these decisions are not without their challenges, and we thank you for helping meet the needs of our communities in difficult times.

The steps we are taking reinforce the many ways – big and small – that Scouting empowers character and leadership today and for generations to come.

INCIDENT REPORTING

If any of the following occur within your Unit or an activity that your Unit participates in, you must make a report as outlined below:

1. A confirmed positive COVID – 19 tests to any participant, including family members
2. A confirmed case of COVID – 19 to any participant, including family members

Reporting:

1. To the District Executive or Scout Executive
2. To the appropriate County Health Department:
San Luis Obispo County
<https://www.slocounty.ca.gov/COVID-19/Contact-Us.aspx>
Santa Barbara County
<https://publichealthsb.org/>
3. Notifications of the Chartered Organization, the families, Scouts, and adults who also attended the event where an exposure occurred must be done as well.
